GOVERNOR SADLER ALL RIGHT.

The Elko Independent intimates that at the cattlemen's meeting called by Governor Sadler to meet at Carson next Monday, strong influences and arguments will be brought to bear by one Mr. A. J. Harrell, a prominent Nevada cattleman and who also has large bands of cattle in the California quarantined sections, to have the issue changed as to permit the shipment of the starving cattle to this State. Mr. Harrell is thought will be backed up by Miller and Lux and Grayson and Owens, also other cattlemen who have interests in both States and the Independent thinks that the Nevada cattlemen should turn out in large numbers at the meeting and give the Governor the benefit of their opinions and advice as well as their moral support.

The opening of Nevada's doors to cattle from the infected districts of California means disaster to one of the State's greatest industries and should not be considered for a moment.

Governor Sadler is all right and there need be no fear that any arguments of the gentlemen named, will have the slightest effect upon his judgment. He has studied the situation carefully and thoroughly understands the law and proposes to carry it out to the letter. In regard to such matters as are left to his discretion, he will give due consideration to the sentiment of the Nevada cattlemen and if he finds them opposed to making any concessions, he will act according to their wish. This is what the meeting is called for and the Governor is desirous that the cattlemen will show their interest by a large attendance. He is a cattleman, consequently has a personal interest and has returned himself thoroughly and his good old Daughters back to his staff to allow himself to be enjoyed in any proposition under the argument that a Nevada Cattleman has starving herds in California which he desires to save by removing them to Nevada, providing they pass inspection, and thus opening a way for endless and miscellaneous shipments.

The Governor is Dutch, but his powers of vision are all right after 4 o'clock whenever the interests of Nevada are to be considered.

The Ohio Senate has passed the Eley bill appropriating \$1,000,000 to put the Ohio National Guard on a war footing. There was not a dissenting vote.

This action is strangely opposite to the present wavering course of the son of Ohio, who occupies the Presidential Chair of the United States. He should feel a patriotic pride in his native State, but it is very doubtful whether Ohio is overly proud of him.

APRIL seems to be the favorite month for Uncle Sam to begin his arguments with other nations, as the following record shows: The Revolutionary war began April 1, 1776; the war of 1812 on April 12; the Mexican war in April, 1846. His dispute with his wayward children began in April, 1861, and ended in April, 1865. Will war with Spain begin this month?

WAR NEWS.

President McKinley's message will not be transmitted to Congress until Saturday.

The battleship Texas arrived at Hampton Roads at an early hour yesterday morning.

It is now reported that the Queen Regent of Spain has appealed to Queen Victoria for direct mediation.

The battleship Oregon proceeded on its way from Callao yesterday, with orders to proceed to the Atlantic.

Senators say that war is inevitable notwithstanding the peace overtures from the government at Madrid.

The United States legation building at Havana is under guard and trouble is feared and may start at any moment.

Congress General Lee is making every effort to get the Americans out of Havana. An outbreak is looked for at any moment.

The Navy and War Departments at Washington were unusually quiet during yesterday. News from Madrid and Havana was hourly expected.

Excitement is increasing at Madrid owing to the postponement of McKinley's message to Congress. It is now believed that war with the United States cannot be averted.

It was expected yesterday that Consul General Lee would leave Havana last evening for Washington in answer to a summons to appear before the Foreign Affairs Committee next Monday.

The Spanish Cabinet decided yesterday that the Government of Spain reaffirms its former decision on the ultimatum, which has already been communicated to President McKinley without the slightest modifications.

Diplomatic representatives of Germany, Russia, France, Italy, Great Britain and Austria called upon President McKinley at noon yesterday. A similar visit of representatives was made simultaneously in Madrid upon the Queen Regent. Easter congratulations were exchanged in the hope that peace would be preserved. President McKinley informed the Ambassadors that peace would prevail if Spain yields to the just demands of the United States.

A Feast of Good Things.

Oyster Salad—Three hard boiled eggs, one can oysters, one dozen crackers chopped fine and mixed; one teaspoon chow-chow, one teaspoon celery seed. Dressing: Two eggs, a piece of butter the size of walnut, three tablespoons of sugar, two-thirds cup vinegar. Stir until it boils. Mix with salad, and set away to cool, then chop four hard boiled eggs and put on top.

Chicken Croquettes—Boiled chicken is much better than roasted for this purpose. Chop or grind the meat fine, and to each pint of meat allow one-half pint of milk, one large tablespoon of butter, two of flour, one-half teaspoon onion juice, a dash of red pepper, one-half teaspoon salt and a little grated nutmeg. Put the milk over the fire in a double boiler. Rub the butter and flour to a paste, add this to the boiling milk, stir continuously until a smooth, thick paste is formed. Take from fire, add the meat and seasoning, mix thoroughly and turn out to cool. When perfectly cold form into croquettes. Dip into beaten yolks of two eggs, then into very fine bread crumbs, and fry in hot fat.

Fried Celery—Omit the large stalks of celery that are unfit for the table into short lengths and boil them until tender, then dip them into beaten egg, then into bread crumbs, and fry until brown in butter. They are delicious. The water in which they were boiled can be used in a soup as it will flavor it sufficiently.

Wheat Gems—Two eggs, two cups flour, two tablespoons sugar, one-half cup melted butter, three teaspoons baking powder, one cup sweet milk. Beat eggs and sugar very light, then add butter, flour and milk.

Dainty Cold Pudding (very nice)—One pint stewed tart apples (or cold apple sauce), two tablespoons butter, three eggs, one pint sugar, one half teaspoon oyster cracker crumbs, a little nutmeg and cinnamon. Beat eggs and sugar together and add to the apple, when cold, into which the butter is put while hot; then the cracker crumbs, and lastly the cinnamon and nutmeg. Have ready a buttered pudding dish, quickly strewn with crumbs, sides and bottom. Pour in the mixture and bake twenty minutes in a hot oven. Serve cold with sugar sprinkled over it. Cream is an addition.

An Estimate of Henry George.

Henry George had all the popular gifts of the American orator and journalist, with something more. Sincerity rang out of every utterance. Sparring in book knowledge, he had hammered out his thoughts upon the forge of personal experience and showed them hot from the hammer, rude and unfinished in form. For this very reason "Progress and Poverty," a stumbling block to responsible politicians, to the economic professor's foolishness, struck the common mind of the thinking people with convincing and dramatic force. The influence of this first book of serious economic import which ever reached the later circle of the English reading public is not to be slighted. It is a matter of deep significance that such a book should have reached a circulation of far upward of 100,000 copies. Upon the pressure of the early popularity of his book Henry George threw the weight of his present personality, and his great gifts as orator and debater secured his audience and widely advertised his doctrines at a time particularly favorable to their reception.—Fortnightly Review.

A New Phrase.

A very expressive phrase was evolved by a school board inspector at South-walk police court. A woman whose child had been remiss in attending school admitted that on a previous occasion she had told a lie to save her husband, whereupon the inspector remarked that these mothers who keep their children from their classes in order to escape fines "lied like gas meters."—Notes and Queries.

A Real Need.

"Do you know a good tonic for nervous persons, Simpkins?" "No. What I want to find is a tonic for people who have to live with them."—Boston Traveler.

Canary Birds.

At a moderate estimate 400,000 change hands every year in the United Kingdom alone, the value of them being about £100,000. Of the total number of canaries sold by British dealers 100,000 at least are "made in Germany," for it would seem that the very air of England is so enamored of freedom that, while its native wild birds are the finest singers in the world, German canaries far outmatch English canaries for beauty and persistency of song. I have often heard German canaries continue a single trill for a minute and a quarter, and I have been told of one whose trill lasted for two minutes and had at least 20 changes of note in it. This bird was sold for £10. Chiefly bred in the Tyrol, round the Hartz mountains and in Thuringia, by weavers and shoemakers, the German birds are collected in August and September by the dealers and begin to arrive in England in October.

But few of the very best birds come to England, and when they do it is generally as birds of passage. In the earlier part of the season the usual retail price is from 5 to 10 shillings per bird, according to the quality of the song, these prices rising 50 per cent by the end of the year. It is seldom that the finest songster is thought to be worth more than 30 shillings by the commercial Englishman. Consequently the very fine birds are either bought by German birdkeepers or sent to the United States, where they readily bring from \$20 to \$40 each. The average price for the birds in Germany is 5 shillings per pair.—Good Words.

Which Was the Better Way?

They had both been refused by her. The first ran home and, rushing to his room, took a pistol from his dressing case and stood before the mirror. How pale his face, and what a drawn look about the mouth! It startled him.

As he placed the pistol against his temple his eyes fell upon her photograph. He paused.

"Don't," he cried, "don't look at me, dear!" He turned her face to the wall and again pressing the pistol to his head pulled the trigger.

The second walked home slowly. He was more dazed than he at first fully realized. He had hoped for so much—and now—He reached his room. Her face smiled tantalizingly at him from the table. He took his pistol out and held it in his hand a moment. Then he reached for the mocking picture. He looked at it and then down the barrel of the weapon.

"No, confound it, I won't!" he cried. "I may be a fool, but I'm not a coward! Come here!" he said, roughly taking the photograph in the left hand. With deliberation he placed the muzzle against the face and fired.—Pearson's Weekly

MILITARY EXAMINATION.

What the Officers of the Nevada National Guard Are Expected to Know.

Following are the general orders giving an outline of what the officers of the Nevada Militia are expected to be prepared in, when the examinations take place in May and June. These examinations are the rule in other States and it is the purpose of Colonel Lord to bring the National Guard of Nevada up to as high a standard of efficiency as the militia of the West of the country.

STATE OF NEVADA,
ADJUTANT-GENERAL'S OFFICE,
CARSON CITY, March 1, 1898.

General Orders No. 11.

In accordance with law, all officers of the Nevada National Guard will be examined as to their proficiency during the months of May and June, 1898.

The following rules governing the examinations of non-commissioned and commissioned officers, under the requirements of Sections 5, 6, 7 and 8 of the Act of March 18, 1895, Laws of Nevada, are hereby published for the information and guidance of all concerned. Questions for use of the Examining Board will be prepared from: The Laws of Nevada, Army regulations, Regulations for Troops in Campaign, Infantry fire; its use in battle (Batchelor). Manual for Courts-Martial (Murray). Manual of Guard Duty (Barnham).

The examinations will be conducted orally. To secure uniformity the examining board will be detailed from Regimental Headquarters, with lists of questions and forms of reports.

No candidate will be passed who shall fail to correctly answer sixty per cent of the questions. By order of the Commander-in-Chief.

O. H. GALESHA,
Adjutant-General, N. G.

Departure of the Basket Ball Team.

The Basket ball team of the U. N. departed on last evening's train for Berkeley, where they will play the U. C. team to-morrow. They will be entertained to-day by the California girls and to-night a reception will be given in their honor.

The girls look charming in their bloomer suits of red trimmed in yellow, the college colors. Mrs. Newton Evans and Miss Gadenwerper are to act as chaperones, and a number of old Renosites, who are now living in California, will attend the game, wear the red and yellow and yell for Nevada. Little Rae Evans is to be the "mascot" and bring the girls good luck.

Following is the team selected: Miss Louise Ward, Captain, Misses Beth Stubbs, Ida Holmes, Maud Nash, Julia Beckman, Mattie McIntyre, Robie North, Amelia North, Minnie Stronider. Substitutes—Misses Jean Arnot, Bessie Evans and Maud Patterson. Miss Nellie Lewers, one of the best players on the team, was taken sick Wednesday and is unable to go, so her place had to be filled by a substitute.

STATE TEACHERS' INSTITUTE.

Fourth Day's Session Full of Interest and Enthusiasm.

WINNEMUCCA, April 7.

The attendance at the Institute today was as large as any day during the session, and the interest manifested was as great as on any previous day.

The first feature of the program was a class of beginners in reading, by Miss Schallenberger. She illustrated methods in teaching children to read by story and writing on the blackboard, urging that it was necessary to interest and entertain children by leading them and assisting them to comprehend that the object of reading is for information and entertainment. When the child once discovers that being able to read is a pleasure instead of a hardship, much of the difficulty of teaching the beginner is overcome.

Prof. Snyder of Elko gave an excellent address on the "Use of the Diagram in Grammar."

Miss Treadway followed with a musical selection, which was excellently rendered.

"Getting Ready for Life" was the subject of Dr. Winship's address. The speaker urged that the success of today in business life is promoted by a college education. The successful business men in the great cities are educated men. The doctor's arguments in this direction were strong and forceful and his address eloquent and inspiring.

Miss Marks presented a good paper on "Temperance in Public Schools." It was favorably discussed by Principal Gray of Reno.

Principal E. E. Caine of Wadsworth read a paper on "The Teachers Duty to the State." It was able and thoughtful. Music by Mrs. Oliver after which Dr. Winship requested that all arise and join in singing "America." The Doctor then addressed the Institute on "The growth, future greatness and usefulness of our country." His speech was eloquent, patriotic and inspiring. He urged that the United States would last through the ages and will in time solve the five great questions of labor, liquor, loyalty, race and religion. Miss Schallenberger then continued on child study. The University minstrels visited the Institute and sang two. They played to a packed house last night.

Not Yet Recovered.

The search still continues in Washoe Lake for young Mother's body, but up to last evening had not been successful. Delays of searchers have been on duty almost constantly day and night since the poor boy met his death last Monday. A drag fifty feet in length with large fishhooks attached at every foot by a short line will be tried to-day in the hope of success. The difficulty in finding the body seems strange and one is almost led to believe that the old stories of a strong undertow in the deeper depths of Washoe Lake are true although they have been contradicted. In this instance it seems the body of Mother was carried away from where it sank.

Will Visit Reno.

Major Milsaps, Editor of the Pacific Coast War Cry, will hold meetings in Reno, Sunday, April 10th. The editor is on his way to New York and will write an account of his trip including the stop over at this place. He will hold meetings as follows: Salvation Army barracks at 11 A. M., Baptist church at 3 P. M., and Army barracks again at 8 P. M. The Major was a pioneer of the Army on the Pacific Coast, when persecution was at its height.

Years ago he sought worldly gain in the mills and mines at New Boston, Candelaria and Belleville in Esmeralda county, in this State. Don't fail to hear him as his meetings will be interesting.

Death of David Bole.

The death of David Bole is announced in the San Francisco papers as having occurred in that city April 5th.

Mr. Bole will be remembered as one of the proprietors of the old Silver Star Flouring Mills, now known as the Riverside Mills. He was a quiet unassuming man, the soul of honor and always fair minded. He had many friends in Reno who will be pained at the news of his death. He was a man of pure principles, charitably disposed and one of the few who had lived nearly his three score and ten and died square with the world and having no enemies. Peace to his ashes.

Funeral Notice.

The funeral of the late Maggie Sullivan will take place this afternoon at 2 o'clock from the Catholic Church. The funeral cortege will leave the Sullivan ranch at 1 o'clock.

Services To-day.

There will be Good Friday services, Morning Prayer and Sermon at Trinity Church, at 10:30 this morning.

BREVITIES.

To Protect the Fish.

Steps have been taken to organize a Fishing Club for the purpose of protecting the fish in the river. It is claimed that certain parties are fishing with grab-hooks, traps and other illegal means. One of these traps is reported to be located at or near the Electric Light Company's dam, and the parties carrying on this character of fishing are known and it is proposed to commence a vigorous prosecution. A number of the Knights of the rod and reel have determined to make it warm for the law breakers in this particular.

The Viavi Work.

In no way can we do more good than in restoring the sick to health. This Viavi will do, if intelligently used. Have you stomach trouble? Use our Tablets. Have you piles? Use our Sano. Have you catarrh? Use our Catarrh Remedy. Are you weak and all run down? Use Viavi.

Come and see me and I will fully explain the use of all our remedies. Mrs. B. E. HUNTER. Fourth street.

A. O. U. W. Picnic.

The picnic season is now approaching and we would suggest that it might not be a bad plan to hold an A. O. U. W. picnic this summer and make of it a grand reunion of Brethren of the Order. Reno or Wadsworth would be the place to hold the picnic, as the members of the Order from the Eastern part of the Jurisdiction could get to either of these points without much trouble or expense, and so could the members from the western part.—Dayton Times.

Grand Representatives.

The following Grand Representatives of Reno Lodge, No. 19, to the Grand Lodge of Odd Fellows which meets at Carson on June 21st, were duly elected last evening: John Belz, Benj. Currier, W. A. BIDS FOR MUNICIPAL BONDS WANTED.

UNDER AND BY VIRTUE OF THAT certain Act of the Legislature of the State of Nevada, entitled "An Act to Incorporate the Town of Reno," approved March 8, 1897, and of an affirmative vote of the electors of the City of Reno at a special election held on the 7th day of October, 1897, written bids are invited and will be received until

April 11, 1898, at 8 o'clock P. M.,

Of said day for the purchase of the bonds of the City of Reno in the sum of \$130,000, or any part thereof, not less than the sum of \$500, to be known and designated as "Reno Water Works Bonds." Also for the purchase of the bonds of the City of Reno in the further sum of \$20,000, or any part thereof, not less than the sum of \$500, to be known as and designated as "Reno Electric Light Bonds." All of said bonds to bear interest at the rate of six per cent, payable annually. The principal of said bonds to mature and be payable in equal annual installments between and including the 1st and 20th days of January from their date of issuance and the date of the said payments to be designated upon the face of the said bonds. Both the principal and the interest of the said bonds to be payable at maturity in lawful money of the United States of America at the office of the Treasurer of the City of Reno, Nevada. No bus for the said bonds or any thereof will be considered if for less than the par value thereof or if for a less amount than the sum of \$500, and the right is expressly reserved to reject any and all bids. The constitutionality of the above mentioned Act of the Legislature and the regularity and legality of the above mentioned special election have been sustained by a comprehensive decision of the Supreme Court of the State of Nevada, a copy of which together with other pertinent information will be furnished to prospective bidders upon application therefore being made to the City Clerk. Bids should designate in their respective bids the redemption year of the bonds for which they bid. All bids must be sealed, endorsed, "Bids for Reno Bonds," and directed to J. B. Porter, City Clerk, Reno, Nevada.

STATEMENT FOR THE INFORMATION OF PROSPECTIVE PURCHASERS OF RENO WATER WORKS AND ELECTRIC LIGHT BONDS.

THE CITY OF RENO WAS INCORPORATED by a special Act of the Legislature of the State of Nevada, approved March 8, 1897. It is the largest city on the line of the Central Pacific Railroad between Sacramento, California, and Ogden, Utah, has had a steady and continuous growth ever since its inception and is situated in the midst of the richest agricultural and stock raising country between the Sierra Nevada and the Rocky mountains. Its resources are agricultural and pastoral rather than those of mines. It is the terminus of the V. & T. R. R. extending south with its connection three hundred and fifty miles, and also of the N. C. & O. R. R. extending north eighty miles. It is the seat of the State University, of the State Hospital for Mental Diseases, and of the State Agricultural Society. At the general election of 1896 it cast 1300 votes and its present estimated population is 6,500. Its assessed valuation in the year 1897 was the sum of \$1,745,890 which was upon a low and very conservative basis of valuation. Its total bonded indebtedness from all sources is \$45,000. The total rate of taxation in the year 1897 for State, county, and local purposes was \$2.87 on each one hundred dollars valuation. By its incorporation the City is authorized, subject to an affirmative vote of its electors to issue its bonds in a sum not exceeding \$150,000 for procuring water and constructing municipal water works, and in a necessary sum for constructing municipal electric light works. A special election was called by the City Council for October 7, 1897 at which election the electors of the city voted in favor of bonding the city in the sum of \$130,000 for municipal water works and in the sum of \$20,000 for a municipal electric light plant by a vote of 409 in favor of and 130 against. In December 1897 an action in *quo warranto* was instituted in the Supreme Court of Nevada by Mr. A. G. Fletcher in which the constitutionality of the incorporation Act was assailed upon twelve distinct grounds and also in which the legality, regularity, and sufficiency of the special election held on October 7, 1897, was questioned. On the 23rd day of February 1898, the Supreme Court of Nevada filed its unanimous opinion in the action in which it sustained the constitutionality of the incorporation Act, and the legality, regularity, and sufficiency of the special election, in each and every particular. The City Council is authorized by law to use the necessary funds with which to meet the bond interest charges and to liquidate the principal by either direct taxation of all property or by water and light charges against users or by both.
